

Belarusian Economic Forum

driven by perspectives

Dear All,

March 10, the Rector of SGH Warsaw School of Economics – the host of the place for the Belarusian Economic Forum – cancelled all public events that take place at SGH after March 14. The situation in Poland has been changing dramatically. Both central and local authorities are deciding on limiting public events.

Driven by the responsibility for the health of all the participants in the era of the spreading threat of coronavirus epidemic, **the Organising Committee of the Belarusian Economic Forum has decided to postpone the Forum until the situation stabilises.**

We would like to thank you for your declaration and willingness to participate in the Belarusian Economic Forum. We managed to prepare a great agenda and gathered a lot of positive feedback from potential participants and our partners. Although that was to be the first Belarusian Economic Forum, almost a hundred guests from many cities and countries trusted us and registered for the participation so far. We are determined to organise the Forum in the future with even better outcome! We will keep you informed on the future events and we hope we can rely on your support in the future.

At the same time, we would like to apologise for any inconvenience you may have suffered as a result of the Forum being postponed. We hope that you will understand the extraordinary circumstances of this decision and the organisers' concern for the health of conference participants.

Best regards,
Organising Committee
